

Rural Electrification Agency

The Rural Electrification Board, Management and Staff of the Rural Electrification Agency congratulate H.E Yoweri Kaguta Museveni on his election as the President of the Republic of Uganda.

As spelt out in the NRM 2016- 2021 Manifesto, the Government pledges its commitment to the economic and social transformation of Uganda. This is in line with REA's mission of Socio- Economic transformation of lives of Uganda's rural communities by extending electricity services in an equitable and sustainable manner.

REA Pledges to continue ensuring access to electricity for all by 2040 as highlighted in the manifesto 2016- 2021 that promises to improve electricity generation and supply to support industrialization as well as ensuring universal access to affordable, reliable and modern energy.

So far, the Agency has constructed 9600km of medium voltage (MV) and 6000km of Low Voltage (LV). Additionally, it has planned 8600km of Medium Voltage (MV) and 6000 km of Low Voltage (LV) lines to be implemented over the next five years. To date 108 District Headquarters have been electrified and the remaining ones will be covered by 2017.
