Rural Estate Manager

Lake District – Cumbria

A fantastic full-time custodian role has arisen for a family Estate with the retirement of the current Estate Manager in 2026.

The Estate comprises of let grazing and fell, a large residential property, guest house, 4 holiday lets and a café business.

The role

Will suit someone who has management experience and is practical, responsible and comfortable working for a family, whilst demonstrating integrity, discretion and trustworthiness. Part of a small team, you would be responsible for managing the Estate and report directly to the owners and the Director of the Family Office. Building relationships with local tradespeople, representing the owner on regular management, capital projects and holiday lets.

Responsibilities include

Management of a high-tech house, swimming pool, spring water and emergency power systems, renewable energy equipment and working to budgets with reasonable IT skills. Your role would also include responsibility for the holiday let business and oversight of café.

A competitive salary is available with the possibility of accommodation.

For further information, you can call in confidence,
Will Gemmill 07592 041746.

Applications by email to carol.atkins@ceresrural.co.uk.

Closing date – 15th November 2025

Head Herdsperson

Jersey Dairy Herd
Lancashire

An exciting opportunity has arisen to join our dedicated team caring for our newly established Jersey dairy herd. Our cows are milked through robotic systems using state-of-the-art technology, offering a modern and innovative working environment.

We are looking for an experienced and highly motivated Head Herdsperson to work closely with the Farm Manager and take a day-to-day lead on the farm.

The ideal candidate will:

- Have a genuine passion for dairy cows and their welfare.
- Bring proven experience in herd management and modern dairy practices.
- Work in partnership with the Farm Manager to ensure smooth daily operations and long-term herd development.
- Demonstrate strong organisational and leadership skills to guide and support the team.
- Be confident in key areas such as nutrition, breeding, health monitoring, and record keeping.
- AI and Foot trimming experience are highly desirable.
- Have a full clean driving licence.

In return for your efforts, we offer:

- The chance to play a leading role in the growth of a newly established Jersey herd.
- The opportunity to collaborate with a supportive Farm Manager and wider team.
- A competitive package, reflecting experience and commitment.
- Accommodation if required.
- Variable shift patterns and regular time off.
- Private medical insurance.

This is a fantastic role for someone who thrives on responsibility, takes pride in high standards, and is eager to make a lasting impact on a progressive dairy enterprise.

To apply, please submit a CV and cover letter to admin@ellerbeckjerseys.com with the subject 'Head Herdsperson Application'

Agriculture Advisor x 2

Central Lancashire / Staffordshire

United Utilities' (UU) purpose is to deliver great water for a stronger, greener and healthier North West of England. We are committed to providing our services in a way that respects the environment, supports the economy, and benefits society.

We value diversity, inclusion and innovation in our workplace, and we foster a culture where our people can grow, excel, and be themselves.

As part of a dynamic, high-performing team, our Agricultural Advisors (AAs) play a vital role in the sustainable recycling and disposal of Bioresource products - including biosolids, water sludge, and other materials. Operating within a defined geographical area, you'll be responsible for developing and maintaining our landbank for Bioresource recycling.

Building strong, proactive relationships with farming customers and delivering excellent customer service is central to this role. As our services evolve, you may also be involved in marketing and promoting Bioresource products, including potential future sales.

You'll coordinate recycling logistics with haulage contractors and engage with a wide range of stakeholders including customers, regulators (such as the Environment Agency and Environmental Health), the public, and colleagues across United Utilities.

We're recruiting two Agricultural Advisors:

One focused on expanding our Northern landbank (Central Lancashire)

One focused on our Southern landbank (Staffordshire)

Essential Qualifications

FACTS qualified/trained or equivalent, or willing to achieve this within one year of appointment

A valid driving licence
