

Green Label Services Ltd

PROVISION OF WASTE MANAGEMENT SERVICES AND ENSURING PUBLIC HEALTH SECURITY

On the occasion of National Medical Stores (NMS) silver jubilee, Green Label Services Ltd (GLSL) wish to extend sincere congratulations on your achievements and dedicated service to Ugandans. GLSL as a strategic stakeholder is proud to be associated with you in the area of safe disposal of expired and non-viable pharmaceuticals and medical supplies.

We also call upon all the medical workers who are aware of the importance of waste segregation to practice it.

As a stake holder, GLSL believes that the environment greatly contributes to the wellbeing of the ecosystem and therefore should be jealously guarded, maintained and boosted to ensure the resilient and improved livelihood for sustainable development. As we congratulate NMS upon this big stride, we also call upon all medical workers to practice Medical waste segregation and it's subsequent safe temporary storage.

Green Label Services a NEMA licensed company is introducing Non-Burn Technology of waste treatment (Autoclave) in addition to the current Incineration technology. GLSL will continue to offer the preferred solutions for environmental protection and Public Health Security through safe disposal of hazardous and non-hazardous waste as per international and local standards.
