Raising Leaders to Change the Nation

African Bible University is a unique institution of higher learning in Uganda. For around 40 years now, we have been transforming lives by providing a biblically based education that is designed not only to inform the mind but also to transform the heart because "the heart of the problem is the problem of the heart." Our goal in this endeavor is to raise exemplary leaders who will selflessly serve others and shun the evil desire of seeking to direct the destinies of others to their own selfish advantage. We also give to our students remarkable skills and training in the areas of church, business, education, communications and government. We have 3 campus in Liberia, Malawi and Uganda.

Academics:

All teaching is approached from a biblical worldview. Without this biblical foundation, knowledge has no ultimate reference point. Through this biblical perspective, however, our students are able to see how all of life may be ordered according to the creators design.

Why should you take our degree programs?

- ✓ Because our courses are accredited by the National Council for Higher Education in Uganda and by their respective government in Malawi and Liberia.
- ✓ Because our curriculum is carefully designed in a holistic way to enable our students to be well equipped to respond effectively to the unique

challenges and opportunities facing Africa in the 21st Century.

- ✓ Because we have a rich cultural diversity. Our students come from about 8 countries and we have lecturers from Africa, Europe and America. This will add a rich community experience both in and out of the classroom.

Entrance Requirements:

At least 2 Principle passes from Senior 6 or a 2-year diploma from a recognized institution.

Admission Procedure:

Our admission process follows the following steps: (1) Filling in an application form, (2) Doing entrance exams and oral interviews. (It is after passing both the entrance exams and oral interviews that a prospective student is admitted to African Bible University.)

Entrance Exams Schedule:

Every Saturday at 9:30am during the months of March, April, May and June.

Application in Progress for the September Intake.
