ABOUT APTECH

Aptech is a Global Learning Solutions Company with a presence spanning 40 Countries, across five continents. Having trained over 7 million individuals till date, Aptech continues to play a key role in helping individuals and organizations adapt to the changing requirements of a knowledge-driven world.

Aptech commenced its operations in Uganda in the year 1999 and over the years has trained over 17,000 students in East Africa. Our students across the world are mostly employed in Fortune 500 companies globally.

The institute provides a wide variety of career, professional, short term and certification courses, designed by our expert academicians after careful market study and research. All our efforts are geared towards preparing our students for tomorrow's top technology jobs.

At Aptech, we also appreciate that no two people learn the same way. To help you meet your training objectives, we have also incorporated 'Blended Learning' integrates Instructor-Led-Training (ILT), Computer-based training (CBT) and Web Based training (WBT) to ensure greater effectiveness, with higher learner value and impact.
