

Mbarara University of Science and Technology (MUST)

Happy 33rd NRM Anniversary

The Chairman of the University Council, Management and Staff of Mbarara University of Science and Technology (MUST) graciously congratulate His Excellency, Yoweri Kaguta Museveni and President of the Republic of Uganda, the National Resistance Movement, the Cabinet, and all Ugandans on the celebration of the 33rd NRM liberation day anniversary for the leadership, stability and development of Uganda and the region.

H.E. Yoweri Kaguta Museveni
President of the Republic of Uganda

MUST is proud to distinguish itself as Uganda's first public university set up at the dawn of the NRM government in 1989 as a true patriotic initiative that has over the last 30 years become the symbol of a fundamental change in the higher education sector in Uganda. With it has come a contribution of 14,418 graduates with community oriented skills in the fields of Human medicine, societal development, technology and scientific business management. We have achieved a gradual growth from 43 pioneer medical students to now 1,500 medical doctors over the last 30 years. MUST is proud to have been the first university in East Africa including Southern Sudan to admit students from member countries and charge a one fee for all East Africans. We thank His Excellency, Yoweri Kaguta Museveni for his personal role and vision that has seen us emerge as an academic giant in Uganda and beyond.

Mandate of MUST

To promote quality higher education for national integration and development through teaching of science and technology for promotion of the political, economic and social development of Uganda and the needs aspirations of Republic of Uganda. The Core functions remain centered on: Teaching, Learning and leadership, Research and Innovation, Outreach and Community Engagement.

Vision

To be a Centre for academic and professional excellence in science and technology.

Mission

To provide quality and relevant education at national and international levels with particular emphasis on science and technology and its application to community development.

We are proud to promote the Faculty of Applied Sciences and Technology a complete fulfillment of the MUST education spectrum. It has the following programs this academic year:

1. Bachelor of Biomedical Engineering
2. Bachelor of Engineering in Electrical and Electronics Engineering
3. Bachelor of Science in Computer Engineering
4. Bachelor of Science in Petroleum Engineering and Environmental Management

• Main Campus Library-Kihumuro Campus

• Faculty of Applied Sciences and Technology - Kihumuro Campus

• FAST multipurpose Laboratory Building - Kihumuro Campus
