MOUNTAINS OF THE MOON UNIVERSITY - SAAKA CAMPUS

Students Jubilate at the recent Graduation Ceremony at SAAKA Campus

## University Profile

### COMMUNITY UNIVERSITY:

Mountains of the Moon University (MMU) is a private Community University licensed by the National Council for Higher Education (NCHE) in Uganda.

MMU was established in 2005 and it is unique in Uganda as it was founded by the community, is owned by the community, is governed by the community and is answerable to the community in the Ruwenzori region in western Uganda. All the surplus funds generated are re-invested in the University.

MMU has over 48 accredited programmes of study and in January, 2017; it was ranked third (3RD) in Uganda by webometrics, and in 2012, MMU was ranked in top 20 Universities in East Africa (CPS International, Nov 2012)

### OUR VISION:

"To be a Centre of Excellence in teaching, research and service to the community"

### OUR MISSION:

"To produce outstanding, well rounded, morally upright and innovative graduates with a knowledge base for making a positive impact on the community".

### OBJECTIVES:

- To provide quality teaching and learning that is relevant and competitive.
- To offer courses that addresses the needs of the local, national and international community.
- To promote research for the social, economic and political development of the country

## OUR CORE VALUES:

- Hard work and professionalism
- Respect and Institutional loyalty
- Transparency and Accountability
- Team work and innovativeness
- Sensitive to the environment

## TEACHING, RESEARCH AND COMMUNITY SERVICE:

All of our lecturers are fully qualified and highly experienced in delivering quality education using learner centred techniques. This allows for a more inclusive and productive learning environment which is carried out in adequately equipped facilities at our lake Saaka and Kabundaire campuses.

Students at MMU also have full access to our library which contains over 15,000 volumes of books and thousands more in electronic format to assist them in their research studies.

MMU conducts community outreach programmes in the areas of health, agriculture, business, environment and technology with communities most in need of such programs.

## FLEXIBLE STUDY OPTIONS:

In order to make our programmes of study more accessible to people, we offer a variety of flexible study options which include Day, Weekend and Distance programmes.

## BURSARIES:

Being Uganda's only University, we understand the many challenges our students face. To help ease some of these challenges, we offer students applying for our Bachelor programs a 25% reduction in tuition fees through our bursary

scheme.

The scheme is aimed at students who have excelled in their secondary education but find it a challenge to meet the costs associated with university education. MMU works closely with District Local Governments, Kingdoms and religious organisations across Uganda to assist in identifying these students.

Mountains of the Moon University is located in Kabarole District and its main campus is at Lake Saaka, which is about 8 Kilometers from Fort Portal town. The name Mountains of the Moon was first used in 150 AD by Claudius Ptolemy, a Greek legend, in reference to the possibility of the existence of snow capped mountains and located in the inner Equatorial African region.

**Admissions for March, May and August in-take are Now open. Please apply Now"**
