Interventions for Health Impact

PACE is a Ugandan indigenous health organization leading solutions in the health market through the private sector. It deploys social marketing approaches to measurably improve the health of Ugandans. For more information, please visit [www.pace.org.ug](http://www.pace.org.ug)

Bring your drive for something good.

PACE is part of a consortium that is implementing a (5+ years') project aimed at reducing HIV incidence, and mortality related to HIV and TB and develop capacity for the region and the country to plan, coordinate and sustain HIV epidemic control. The program will operate in Mubende Region under the President's Emergency Plan for AIDS Relief (PEPFAR). In partnership with Mildmay Uganda and support from CDC, PACE's primary role will be strengthening community systems to yield high HIV case finding, linkages and community based support for HIV care and prevention services.

For successful implementation of the project, PACE is looking for qualified, dynamic candidates. They will be based in Mityana and must be willing to travel frequently within the entire project implementation area.

## i) COMMUNITY ENGAGEMENT TECHNICAL ADVISOR (CETA)

Are you a senior-level technical expert with extensive experience in the implementation of HIV/AIDS programs, and have a knack for innovation and communication in public health? You must have exceptional managerial and operational experience, preferably managing complex donor-funded activities involving coordination with multiple program partners and institutions. If this sounds like you, apply today!

## ii) TEAM LEAD COMMUNITY SYSTEMS STRENGTHENING

PACE seeks a qualified, dynamic candidate with significant expertise in project management including; planning, budget design & tracking, monitoring deliverables and compliance. S/he will spearhead the development of all capacity building and improvement plans for district and community structures, assure quality and coordinate quality improvement processes and outcomes that support the national priorities.

## iii) TEAM LEAD COMMUNITY ENGAGEMENT AND INFORMATION

Apply your extensive experience in Monitoring and Evaluation of public health activities. You will take part in a very exciting and ever expanding HIV prevention program. You will manage the M&E team, lead the training of CBOs, Key and Priority Populations (KP/PP) associations, district forums and networks in data recording, analyzing and utilization.

## iv) GRANTS AND ACCOUNTS SPECIALIST

We are looking for someone with grants and finance acumen plus strong business and analytical abilities (especially with numbers) and the belief that "the devil is in details". The Specialist will work with the PACE CDC Project Teams to plan, monitor and report on the Finance Operations of the Project Office. S/he will lead on all the contracting and management of sub-grants in line with the PACE financial policies and procedures and the sub grantee management manual.

## v) E-SYSTEMS REFERRAL COORDINATOR

Do you enjoy coming up with creative solutions? You will be working with the project evidence team to roll out an E-Referral system for project implementation, monitoring and reporting. If interested, apply today.
