

# CONGRATULATORY MESSAGE

## Maji Power Limited congratulates UEGCL upon its ISO 9001:2015 Certification

Maji Power Limited is a leading hydro business in Uganda that develops, constructs, operates and manages its projects with a team of dedicated professionals. It is planning to add over 100 Megawatts (MW) to the Ugandan grid. Its projects include:

- The operational 13MW Bugoye Hydropower Project in Western Uganda,
- The 41MW Achwa 2 Hydropower Project that is under construction,
- The 42MW Achwa 1 Hydropower Project that recently commenced construction, and
- The 14MW Kikagati Hydropower Project that also recently commenced construction.
