

This year's World Tourism Day highlights the global potential of tourism for socio-economic development. With more than one billion international tourists now traveling the world each year, tourism has become a powerful and transformative force that is making a genuine difference in the lives of millions of people.

With the advancement in ICT and the adoption of digital technologies in tourism businesses, tourism in Uganda, like around the world is expected to make much greater strides.

"On behalf of all professional tour operators in Uganda, we wish you a Happy World Tourism Day"

**"Tourism And
The Digital
Transformation"**
