As Uganda celebrates 33 years of the NRM administration, the Inspectorate of Government wishes to congratulate His Excellency the President of Uganda and the people of Uganda for yet another great milestone and continued commitment to the fight against corruption and mal-administration!

The Inspectorate of Government was created by this Government in 1986 as a Department in the Office of the President to realize point No 7 of the NRM Ten Point Programme which is: “Elimination of corruption and misuse of power”. When the Constitution of the Republic of Uganda was promulgated in 1995, the Inspectorate of Government was enshrined under Chapter Thirteen. The IG has four broad mandates: the Ombudsman Function; the Anti-Corruption Function; the Leadership Code Enforcement function and the Education and Prevention function.

The IG implements its mandate through five strategic objectives laid out in its forward-looking Strategic Plan (2015-2020), with the theme, ‘Excellence in Public office’. With the support of the Government of Uganda and Development Partners; in the last financial year, the IG has strengthened the fight against corruption and mal-administration to achieve the Objective No Four of the
