

LABOUR DAY MESSAGE

Are you insured?

The Workers Compensation Act 2000 (Act), section 3 (1) states that, "if personal injury by accident arises out of and in the course of a worker's employment, the injured worker's employer shall be liable to pay compensation."

The law further provides that every employer should insure and keep themselves insured in respect of any liability which may incur under the Act to any worker they employ.

The Insurance Regulatory Authority of Uganda reminds all employers to comply with the said law. We further remind all employees that **you have a right to claim** for compensation whenever you suffer any work-related injuries as per the Act.

The Authority is committed to creating a vibrant and secure insurance industry; ready to listen, help and advise on all insurance-related matters.

Happy Labour day.
