UBTEB MAKING STRIDES IN COMPETENCE BASED ASSESSMENT FOR SKILLS DEVELOPMENT

As stipulated in the NRM 2016–2021 Manifesto, the Government Pledges its commitment to social and economic transformation of Uganda. This is in line with Vision 2040 and UBTEB's strategic objective of enhancing and promoting quality skills development in Uganda through the conduct of Competence Based Assessment. UBTEB pledges to continue ensuring that graduates in Business, Technical, Vocational and Specialised professions are innovative, dynamic and possess practical skills, applied knowledge and competences that match with the demands

of the world of work. UBTEB currently conducts credible national examinations for junior Craft Certificates, National Certificates and Diplomas at over 500 accredited Training Institutions as Examination centres in the whole country. UBTEB has enhanced acquisition of hands-on skills by students in Business, Technical and Vocational Education and Training (BTVE) institutions through real life projects, Continuous Assessment and Industrial training. This is attributed to Government's commitment to skills development in Uganda.
