

# Beef Suckler Herd Manager

The Raynham Estate, North Norfolk

Due to retirement,  
a rare opportunity has arisen for an experienced  
and dedicated Herd Manager to oversee a well-respected  
600-head, closed Aberdeen Angus suckler herd  
on the Raynham Estate

## Key responsibilities:

- Hands on, day-to-day management of the herd
- Calving, breeding programmes, finishing, and herd health planning
- Feeding regimes, forage utilisation, and grassland management
- Accurate record keeping and performance monitoring
- Operation and maintenance of livestock machinery
- Ensuring high welfare and farm assurance standards

## Requirements:

Proven experience in beef suckler herd management, attention to detail, self-motivated with a can-do attitude, the ability to work within a team. Full UK driving licence

## We offer:

Competitive salary (DOE), accommodation if required,  
and ongoing development within a progressive,  
well recognised, forward-thinking estate

**Apply:** Please send a CV and covering letter in  
strict confidence to the Farms & Estate Manager at:
