

KABALE UNIVERSITY

BACKGROUND

Kabale University is a public University which was formally established by Statutory Instruments 2015 No. 36 of 16th July 2015 under The Universities and Other Tertiary Institutions Act (2001) (amended 2003 and 2006). This action was as a result of the community request to the Government of Uganda through H.E. President Yoweri Kaguta Museveni at various fora, and as approved by the

relevant Kabale University governing bodies.

Kabale University is therefore a unique institution in Uganda, enjoying the status of being the first institution of its kind to metamorphose from private to public – and having been granted a Charter – the last stage of accreditation by the Uganda National Council for Higher Education.

Kabale University has great potential. It is now at a stage where it is clear that many opportunities are at hand, having laid a strong foundation and in view of the expected benefits arising from its new legal status (a public and chartered institution). The location of the University offers the chance to link the Anglophone and Francophone parts of the Great Lakes Region not

only in terms of scholarship but also as a contributor to the social and economic integration of the area.

Kabale University, as a public institution, has been mandated by the GoU to focus on Science-oriented Academic Programmes without necessarily losing focus on existing community oriented programmes in humanities and the social sciences.

VISION

A distinct, vibrant people-centred University in the Great Lakes Region and beyond

knowledge and skills development for lifelong learning and community service

VALUES

Accountability and transparency
Professionalism
Innovativeness
Equity and equality
