

Thelveton Farms

Livestock Manager (Cattle)

Due to retirement after 40 years of our 'Farmers Weekly Beef Farmer of the Year' winning stockman, an exciting opportunity has opened for an ambitious, forward-thinking stockperson. Located in the Waveney Valley, our successful candidate will oversee all aspects of a large suckler herd and fattening unit on our 6000 acre family run estate in South Norfolk.

Key responsibilities

- Indoor calving, animal care & welfare
- Breeding
- Health and veterinary management
- Feeding and nutrition
- Facility management
- Record keeping
- Staff management
- Sales and purchases
- Compliance

We are looking for

- Extensive hands-on knowledge of beef suckler systems
- Confident, calm handling of livestock
- Competent Telehandler / Feed wagon / Tractor operator
- Understanding of diseases, nutrition & treatments
- Strong record keeping capabilities
- Ability to lead, motivate & communicate with farm workers, contractors & suppliers

What we offer

- Competitive salary, with opportunity for the right individual to innovate & drive the cattle enterprise forward
- On-Farm 3 bedroom farmhouse with garden
- Farm vehicle (Full UK driving licence essential)
