All organisations and institutions involved in groundwater development are informed that it is a statutory requirement to engage holders of valid drilling permits when issuing out water well drilling contracts.

The general public is therefore requested to report to police or to the Director, Directorate of Water Resources Management (DWRM) anybody that is involved in drilling boreholes without a valid drilling permit

For more information, clarifications or reporting illegal borehole drilling activities, please contact:

All organisations and institutions involved in groundwater development are informed that it is a statutory requirement to engage holders of valid Registration certificates when issuing out hydrogeological investigations and water well siting/drilling contracts.

The general public is therefore, requested to report to police or to the Director, Directorate of Water Resources Management (DWRM) anybody that is involved in hydrogeological investigations and siting boreholes without a valid registration certificate.

For more information, clarifications or reporting illegal borehole drilling activities, please contact:
