

About StrongMinds

StrongMinds (www.strongminds.org) is a dynamic and fast growing 501(c)(3) social enterprise that focuses on one of the most pervasive mental illnesses in the world, depression. We treat depression among women of all ages in Africa, where access to mental health treatment is extremely limited, and we are guided by a goal to treat two million depressed African women. Since its start in 2014, StrongMinds has treated nearly 60,000

women with depression in Uganda and has recently expanded into Zambia. **We are the only organization scaling a solution to depression in Africa with a potential to serve millions in the next ten years.**
