HIGHER EDUCATION ACCESS CERTIFICATE - PRIVATE SPONSORSHIP

BACKGROUND: Higher Education Access Certificate (HEAC) is the 4th Higher Education access route approved by National Council for Higher Education (NCHE). The HEAC is an intensive full-time programme, designed to bridge the knowledge gap of students who might not have assumed knowledge required for a professional course or who might not have been confident with their preparation for university and tertiary level education study. It is designed with assumption that the applicant has some basic knowledge of the subjects for which he/she is being bridged. The programme is a preparation stage to enable access to university and tertiary education programmes. The programme runs for two semesters (one year), and focuses on preparation of candidates in specific subjects that provide specific and generic academic skills to succeed in higher education system in the desired programmes. Upon successful completion of the programme, and depending on their performance, the candidates will be given the opportunity to access specific degree/diploma programmes of their choice in University and tertiary education system.

AIM OF THE HEAC PROGRAMME The overall aim of the HEAC Programme is to provide entry opportunity for candidates who performed dismally at UACE, do not have appropriate qualifications based on current national admission criteria for higher education and those with foreign qualifications but do not merit admission to programmes at higher institutions of learning in Ugandan Education System.

ELIGIBILITY/TARGET GROUP/ENTRY REQUIREMENTS FOR HEAC PROGRAMME

HEAC programme targets both Ugandan citizens and the global community. The targeted learners include:

- Uganda Advanced Certificate of Education (UACE) holders with at least two subsidiary passes or its equivalent. At least one of the subsidiary passes shall be from a principal subject. For avoidance of doubt, a holder of UACE with only 1 Principal pass shall be deemed to have met the admission requirements. Candidates must have done, at UACE, subjects specified in HEAC programme.
- Vocational Qualifications at Level 2 or Level 3 of the Uganda Vocational Qualifications Framework.
- Qualifications equivalent to Uganda Advanced Certificate of Education (UACE) as shall be determined by the National Council for Higher Education (NCHE) in consultation with the Uganda National Examinations Board (UNEB).
- An ordinary certificate from an institution recognized by NCHE/UNEB.
- Students whose foreign secondary school qualifications are not considered equivalent to UACE but permit admission into Higher Education in the foreign country. Such students shall have passed at least five subjects with a minimum overall grade of C (equivalently a Ugandan grade 5). In addition, foreign students whose studies were not conducted in English shall show proof of proficiency in the English Language from English proficiency centers accredited by NCHE.
